

REMARKS/ARGUMENTS

Summary

Prior to entry of the foregoing amendment, Claims 19, 23, and 27 were pending with Claims 19 and 23 being independent claims and the remaining claim being a dependent claim. Claims 19 and 23 have been amended without adding new matter. Upon entry of the foregoing amendment, Claims 19, 23 and 27 are pending with Claims 19 and 23 being independent claims and the remaining claim being a dependent claim. Applicants respectfully request reconsideration of Claims 19, 23, and 27 in view of the amendments above and the remarks below.

Traversal of Rejection under 35 U.S.C. § 112

The Office Action rejected Claims 19, 23 and 27 under 35 U.S.C. § 112, second paragraph as being indefinite for failing to particularly point out and distinctly claim the subject matter which Applicant regards as the invention (Office Action, Page 2).

In lieu of the present amendment, the rejection of these claims is now moot and Applicant respectfully requests the rejections be withdrawn and the Claims allowed per the reasons stated in the Office Action, at the Examiner's earliest convenience.

CONCLUSION

Applicant respectfully submits that all of the claims pending in the application meet the requirements for patentability and respectfully requests that the Examiner indicate the allowance of such claims at the Examiner's earliest convenience.

Any amendments to the claims which have been made in this response which have not been specifically noted to overcome a rejection based upon prior art, should be considered to have been made for a purpose unrelated to patentability, and no estoppel should be deemed to attach thereto.

The Commissioner is hereby authorized to deduct or credit any underpayments or overpayments submitted in conjunction with this response from/to deposit account number 502456.

Should the Examiner have any questions, the Examiner may contact the Applicant's undersigned representative at the (949) 932-3104.

Respectfully submitted,

4/6/2009
